Project Description

The Homeless Health Care Program is a coalition five nonprofit agencies, a community health center, and a state health department, providing a comprehensive health care system for individuals and families who are experiencing homelessness.

Services

The center of operations is the Daystation Drop-in Center, providing daytime shelter and a place for people to socialize. Services include primary health care, HIV/AIDS testing and counseling, mental health and substance abuse counseling and referral, dental operations, Homeless Veteran Services, case management, and housing and vocational entitlement assistance. Services are also provided at a clinic located at a drop-in center for runaway and homeless youth, operated by Spectrum Youth and Family Services.

Linkages

The Fletcher Allen Health Care Corporation provides services under letters of agreement. Dental treatment, maternal/child health care, and additional primary health care services are provided at sites other than Daystation.

Statistics

Estimated homeless population: 1.000 Project users: 833
