### Uniform Data System (UDS) Reports in the HRSA EHBs

## **Accessing Standard UDS Reports**

A quick reference sheet for Program Awardees

Last Updated April 2023

The Uniform Data System (UDS) is a system through which organizations funded under the Health Center Program (Activity Code H80) or are considered Health Center Program look-alikes (LAL) submit annual performance reports. Health centers report patient demographics, services provided, staffing, clinical indicators, utilization rates, costs, and revenues.

The HRSA Electronic Handbooks (EHBs) includes reports based on data collected through UDS which are accessed through the UDS reports. This quick reference sheet provides instructions for how to access UDS reports in the HRSA EHBs.

## Accessing UDS Data File XML and Excel Format and Reports in the HRSA EHBs

Perform the following steps to access your UDS reports:

- 1. Log in to the EHBs.
- 2. In the Top Navigation panel, click the **Grants** tab (Figure 1).

#### Figure 1: Grants Tab in Top Navigation Panel

3. The My Grant Portfolio – List page opens, where your grants are displayed in a list (Figure 2). Find the Health Center Cluster grant (grant number begins with "H80") and click **Grant Folder**.

4. The Grant folder opens to the Grant Home page (Figure 3). In the Grants section of the page, under Submissions, click **Performance Report**.

5. The Submissions – All page opens, displaying all performance reports related to the grant (Figure 4). To display only UDS reports, you can enter search parameters under Search Filters at the top of the page. For example, you can enter "UDS" in the Submission Name Like field, and then click **Search**. The list will display only UDS reports.

### List of Standard UDS Files and Reports

The following files and reports can be accessed using the instructions in this quick reference sheet.

### UDS Data file in XML

Provides the submitted UDS data file in XML format. The file can be downloaded and/or emailed. This will be available to the health center after they have submitted their UDS report at least once to HRSA for review. This file type is available for all UDS reporting periods.

### UDS Data file - Excel Format

Provides the submitted UDS data in an Excel format. Health Centers can download a copy of their current year's submitted UDS Performance Report in an excel format including data in all tables and forms. This file type is available beginning with the 2018 UDS reporting period.

### UDS Health Center, State, National Summary Report

Provides the summary and analysis on the health center's current UDS data using measures across various tables of the UDS report. Once all the UDS reports for the current reporting cycle have been processed, the final version of this report will be available which will have health center, state, and national views.

### **UDS National and State Rollups**

This report compiles annual data reported by Health Center Program (HCP) health centers. Summary HCP data are provided for patient demographics, socioeconomic characteristics, staffing, patient diagnoses and services rendered quality of care, health outcomes and disparities, financial costs, and revenues.

### **UDS Health Center Trend Report**

This report compares the health center's performance for key performance measures in three categories, access, quality of care/health outcomes, and financial cost/viability, with national and state averages over a three-year period.

### **UDS Health Center Performance Comparison Report**

Provides the summary and analysis on the health center's latest UDS data giving details at the health center, state, national, urban and rural level with trend comparisons and percentiles.
