Key Factor Type	Description	Status	Options
Contributing	Many of Massachusetts' 38 DDCs have selected senior managers whose level of understanding of and response to Section 330 program requirements is high. Massachusetts health care system is complex and highly regulated which is a factor in how DDC staff respond to meet administrative and regulatory requirements in general.	Not Complete	Update Action Update Delete View Key Factor
Restricting	The current level of change in health care financing, organization, and systems is unprecedented. Environmental factors along with normal expected retirement may increase senior management turnover during the project period and create disruption at DDCs during these management transitions. Senior management gaps or managers who are new to DDCs within the state environment will contribute to lower levels of confidence with program requirements.	Not Complete	Update

IMPORTANT NOTE: You will be able to submit the progress report to HRSA only if you are a Project Director (PD) at the PCA organization or if you have been provided with the EHB privileges to submit.

If you are not able to submit the progress report or you do not have the appropriate permissions, contact the BPHC Helpline for assistance at 1-877-974-2742 or <http://www.hrsa.gov/about/contact/bphc.aspx> (Monday – Friday, 8:30 AM - 5:30 PM ET).

1. Click the **[Proceed to Submit]** button at the bottom of the **NCC Progress Report – Review** page. The system navigates to the **NCC Progress Report – Submit** page.

6. Submitting a Change Requested Progress Report

Progress reports that are submitted to HRSA without all required information will be considered incomplete or non-responsive. Incomplete Progress Reports will be returned via a ‘Change Requested’ email notification sent by HRSA to the PCA with a request for the missing information. To revise your progress report, access it in EHB using the steps described in section [1. Accessing the FY 2016 PCA NCC](#) of this user guide. Edit the progress report as indicated in the email sent by HRSA, and re-submit the PCA NCC progress report by following the steps in section [5. Reviewing and Submitting the FY 2016 PCA NCC](#) of this user guide.

IMPORTANT NOTE: A HRSA reviewer may cancel (or override) a change request after you have re-submitted a change requested PCA NCC progress report, or if you have not responded to a previous change request in a timely manner. If a HRSA reviewer cancels the change request, you will receive a Change Request cancellation email. After you receive this email, you will not be able to revise your PCA NCC progress report. HRSA will review the last PCA NCC progress report that you submitted.

If HRSA does not receive the progress report by the established deadline or receives an incomplete or non-responsive progress report, a delay in NoA insurance or a lapse in funding may occur.
