### **Instructions for Form 6A: Current Board Member Characteristics**

The list of board members will be pre-populated for competing continuation and competing supplement applicants. **You must update pre-populated information as appropriate.**<sup>1</sup> Public centers with co-applicant health center governing boards must list the co-applicant board members.

Complete or update the following information:

- List all current board members; current board office held for each board member, if applicable (e.g., Chair, Treasurer); and each board member's area of expertise (e.g., finance, education, nursing). Do not list the CEO or other health center employees.<sup>2</sup>
- Indicate if the board member derives more than 10 percent of income from the health care industry.
- Indicate if the board member is a health center patient. A patient board member must be a currently registered patient of the health center and must have accessed the health center in the past 24 months to receive at least one in-scope service that generated a documented health center visit.
- Indicate if the board member lives and/or works in the service area.
- Indicate if the board member is a representative of/for a special population (i.e., persons experiencing homelessness, migratory and seasonal agricultural workers and families, residents of public housing).
- Indicate the total gender, ethnicity, and race of board members who are patients of the health center.

**Note:**

- Indian tribes or tribal, Indian, or urban Indian organizations are not required to complete this form, but may include information, as desired.
- If you are requesting a waiver of the 51% patient majority board composition requirement (see below), you must list your board members, NOT the members of any advisory council.

<sup>2</sup> The CEO may serve only as a non-voting, ex-officio board member and is generally only a member by virtue of being CEO of the health center.
