

# Health Center Program Substance Abuse Service Expansion Quarterly Progress Report (SAQPR) June 29, 2017

**Heather Lee and Maria Peña**  
**Public Health Analysts, OPPD**  
**Bureau of Primary Health Care (BPHC)**  
**Health Resources and Services Administration (HRSA)**

# Agenda

---

- Introduction
- Important Dates
- Tips for the next QPR submission
- Question and Answer

# SA QPR – July 2017

---

## Important Dates

- SA QPR opens on July 1, 2017 in the Electronic Handbook (EHB)
- The report is due on July 14, 2017

# SA QPR – Tips for Submission

## Tips for the Next QPR Submission

- Question 1A– **report the TOTAL number of physicians with a DATA waiver** as of the end of the reporting period. **Do not limit** the reported number to only new physicians with a DATA waiver added during the reporting period.
- Question 1B– **report the TOTAL number of patients receiving MAT prescribed by a physician with a DATA waiver** as of the end of the reporting period. **Only report** patients who receive MAT that is prescribed by a physician with a DATA waiver. Questions 1A and 1B are related.
- If you report zero for Question 1A or 1B– you **must document** your SA Service Expansion challenges and/or activities in the narrative Successes and Lessons Learned section of the report

# SA QPR – Change Requests

Reasons your SA QPR may be returned

1. Data verification or corrections
  - If you report zero physicians with a DATA waiver for Question 1A, but you reported greater than zero physicians with a DATA waiver for the previous quarter
  - If you report zero for Question 1A, but report greater than zero for Question 1B
2. Additional information in the narrative needed
  - If you report zero for question 1A or 1B

# SA QPR – Important Update

---

## Important Update

- The July 2017 report will be your last SA QPR
- Grantees will report SA activities within EHB via UDS in the next UDS report cycle.

# Technical Assistance

---

- ❑ Frequently Asked Questions (FAQs) & Other Resources:  
<http://bphc.hrsa.gov/programopportunities/fundingopportunities/substanceabuse/index.html>
- ❑ Program and Budget Questions:  
[bphcsa@hrsa.gov](mailto:bphcsa@hrsa.gov)

# Technical Assistance Resources

- ❑ The **SAMHSA-HRSA Center for Integrated Health Solutions (CIHS)** offers direct technical assistance for integrating mental health and Substance Use Disorder (SUD) services within primary care settings
  - For more info, visit: <http://www.integration.samhsa.gov/>
  
- ❑ **Free DATA Waiver Training for Physicians** – SAMHSA through Providers' Clinical Support System (PCSS) for Medication Assisted Treatment (MAT) offers free 8-hour Drug Addiction Treatment Act (DATA) waiver training for primary care providers to prescribe medication for opioid use disorder (OUD) treatment
  - For more info, visit: [http://pcssmat.org/calendar-of-events/list/?tribe\\_paged=1&tribe\\_event\\_display=list&tribe\\_eventcategory%5B%5D=13](http://pcssmat.org/calendar-of-events/list/?tribe_paged=1&tribe_event_display=list&tribe_eventcategory%5B%5D=13)
  
- ❑ **DATA Waiver Training for Nurse Practitioners (NPs) and Physician Assistants (PAs)** – SAMSHA has launched a new webpage explaining how NPs and PAs can train and apply to become DATA-Waiver practitioners
  - For more info visit: <https://www.samhsa.gov/medication-assisted-treatment/qualify-nps-pas-waivers>

# More Technical Assistance Resources

## ❑ Opioid Addiction Treatment (OAT) ECHO

- In January 2017, the ECHO Institute based at the University of New Mexico launched OAT ECHO – a national technical assistance program that will enhance health center capacity to treat OUD
- For more information, visit: <http://echo.unm.edu/nm-teleecho-clinics/opioid/>

## ❑ Substance Use Warmline – The University of California, San Francisco's Clinician Consultation Center provides Substance Use Warmline consultation to health centers. This Warmline is a free, real-time clinician-to-clinician telephone consultation.

- Advice provided to primary care clinicians on SUD, chronic pain, and behavioral health
- Toll-Free at (855) 300-3595, M-F, 10am-6pm EST
- For more information, visit: <http://nccc.ucsf.edu/clinician-consultation/substance-use-management/>
