

FY 2018 Expanding Access to Quality Substance Use Disorder and Mental Health Services (SUD-MH) HRSA-18-118 Progress Reporting Technical Assistance Webinar

November 15, 2018

Maria-Thelma Peña

Office of Policy and Program Development

Bureau of Primary Health Care (BPHC)

Health Resources and Services Administration (HRSA)

Agenda

- Introduction
- Review of Key SUD-MH Project Requirements
- SUD-MH Progress Report Overview
- SUD-MH Progress Report Data
- Resources
- Question and Answer

Key SUD-MH Project Requirements

Purpose

To support implementation and advancement of evidence-based strategies to:

- Expand access to quality integrated **substance use disorder (SUD) prevention and treatment services**, including those addressing opioid use disorder (OUD) and other emerging SUD issues; and/or
- Expand access to quality integrated **mental health services (MH)**, with a focus on conditions that increase risk for, or co-occur with SUD, including OUD.

Impact of SUD-MH Project

- The impact of the SUD-MH funding will be determined by:
 - The number of SUD and/or MH personnel added;
 - The number of patients accessing SUD and/or MH services; and
 - The number of patients receiving medication-assisted treatment (MAT) for OUD (if applicable).
- Minimum 1.0 FTE must be hired within 8 months of award and maintained in year 2.

Key Project Requirements

Required for all award recipients:

- **Staffing:** Add at least 1 FTE within 8 months of award (by May 18, 2019)
- **Patients:** Increase patients receiving SUD and/or mental health services by December 31, 2019

Required for award recipients that requested additional MAT funding:

- **MAT Patients:** Increase patients receiving MAT for OUD by December 31, 2019

HRSA may not award Year 2 SUD-MH funding if the staffing increase requirement is not met within 8 months

SUD-MH Progress Report Overview

Reporting Requirements

- Progress toward SUD-MH project requirements will be monitored through required annual UDS reports and SUD-MH specific tri-annual progress reports.
- Progress Report measures align with measures captured in the annual UDS reports. Please refer to the 2018 UDS Manual for guidance on those measures at <https://bphc.hrsa.gov/datareporting/reporting/index.html>
- Progress report resources are available on the SUD-MH technical assistance website at <https://bphc.hrsa.gov/programopportunities/fundingopportunities/sud-mh>

Progress Report Submission

- The first SUD-MH Tri-annual Progress Report will open for submission on January 1, 2019 in the Electronic Handbook (EHB) and is due on January 15, 2019.
- Report all activities since September 1, 2018 for each SUD-MH Progress Report

Reporting Period	Submission Due Date
September 1 – December 31	Mid-January
September 1 – May 18	Mid-May
September 1 – August 31	Mid-September

SUD-MH Progress Report Data

Question 1:

SUD-MH Staffing Positions

- Enter the number of FTEs by major service category that were hired and/or contracted by the health center to expand access to SUD and/or MH services from 9/1/2018 to the end of the reporting period.
- Report only FTEs supported by SUD-MH supplemental funding.
- This data measure aligns with *UDS Table 5: Staffing and Utilization* in the [2018 UDS Manual](#).

Question 1: Staffing Positions (Example)

Example:

- During the current reporting period, you hired a new SUD provider that will only be partially supported with the SUD-MH funding.
- You will enter 0.5 FTE for that provider, since 50% of their salary will be supported with the SUD-MH funding.
- In the next reporting period, you will continue to enter 0.5 FTE for this SUD provider, as long as 50% of their salary will continue to be supported with the SUD-MH funding.

Question 2:

Substance Use Disorder Services

- Unlike for provider data (Question 1), this measure should reflect your overall health center effort in providing SUD services and not just the activities associated with the SUD-MH funding.
- Report all patients and visits for SUD services from 9/1/2018 to the end of the current reporting period, regardless of funding source (do not limit responses to activities supported by SUD-MH funding).
- This data measure aligns with *UDS Table 5: Staffing and Utilization* in the [2018 UDS Manual](#).

Question 3:

Mental Health Services

- Report all patients and visits for MH services, regardless of funding source (do not limit responses to activities supported by SUD-MH funding).
- This measure should reflect your overall health center effort in providing mental health services and not just the activities associated with the SUD-MH funding.
- This data measure aligns with *Table 5: Staffing and Utilization* and *Table 6A: Selected Diagnoses and Services Rendered* in the [2018 UDS Manual](#).

Question 4:

Opioid Use Disorder (OUD) Services

- If you received additional funding for MAT services, enter total patients receiving MAT from 9/1/2018 to the end of the current reporting period.
- Report all patients, regardless of funding source (do not limit responses to activities supported by SUD-MH funding).
- This measure should reflect your overall health center effort in providing mental health services and not just the activities associated with the SUD-MH funding.
- This data measure aligns with the UDS Table, *Other Data Elements* (Question 1a and 1b) in the [2018 UDS Manual](#).

Question 5: Telehealth

- Respond Yes or No regarding your use of telehealth to provide SUD and/or MH services.
- Do not limit responses to only activities supported by SUD-MH funding.
- This data measure aligns with the UDS Table, *Other Data Elements* (Question 2a3) in the [2018 UDS Manual](#).

Progress Report Narrative Questions

Q6. Issues and Barriers

What new or ongoing issues/barriers have you encountered in implementing the activities supported with the SUD-MH supplemental funding over the past four months?

Q7. Successes and Lessons Learned

What new or ongoing successes and/or lessons learned have you experienced in implementing the activities supported with the SUD-MH supplemental funding over the past four months?
