# Uniform Data System Reporting Tables for 2025 Health Center Data

#### PUBLIC BURDEN STATEMENT

The Uniform Data System (UDS) provides consistent information about health centers including patient characteristics, services provided, clinical processes and health outcomes, patients' use of services, costs, and revenues. It is the source of unduplicated data for the entire scope of services included in the grant or designation for the calendar year. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The OMB control number for this project is 0915-0193 and it is valid until 04/30/2026. This information collection is mandatory under the Health Center Program authorized by section 330 of the Public Health Service (PHS) Act (<u>42 U.S.C. 254b</u>). Public reporting burden for this collection of information is estimated to average 238 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Health Resources and Services Administration (HRSA) Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

#### DISCLAIMER

"This publication lists non-federal resources to provide additional information to consumers. Neither the U.S. Department of Health and Human Services (HHS) nor the Health Resources and Services Administration (HRSA) has formally approved the non-federal resources in this manual. Listing these is not an endorsement by HHS or HRSA."

## TABLE 6A: SELECTED DIAGNOSES AND SERVICES RENDERED

Calendar Year: January 1, 2025, through December 31, 2025

# Selected Diagnoses

Line	Diagnostic Category	Applicable ICD-10-CM Code or Value Set Object Identifier (OID)	Number of Visits by Diagnosis Regardless of Primacy (a)	Number of Patients with Diagnosis (b)
	Selected Infectious and Parasitic Diseases			
1–2	Symptomatic/Asymptomatic human immunodeficiency virus (HIV)	ICD-10: B20, B97.35, O98.7-, Z21 OID: 2.16.840.1.113883.3.464.1003.120.12.1003		
3	Tuberculosis	<b>ICD-10:</b> A15- through A19-, B90-, J65, O98.0-, P37.0 <b>OID:</b> 2.16.840.1.113762.1.4.1146.451		
4	Sexually transmitted infections (gonococcal infections and venereal diseases)	ICD-10: A50- through A64-, A69.0, A69.1, A69.8, A69.9 OID: 2.16.840.1.113883.3.464.1003.112.11.1003		
4a	Hepatitis B	<b>ICD-10:</b> B16.0 through B16.2, B16.9, B18.0, B18.1, B19.1- <b>OID:</b> 2.16.840.1.113883.3.67.1.101.1.271		
4b	Hepatitis C	<b>ICD-10:</b> B17.1-, B18.2, B19.2- <b>OID:</b> 2.16.840.1.113762.1.4.1222.30		
4c	Novel coronavirus (SARS- CoV-2) disease	<b>ICD-10:</b> U07.1 <b>OID:</b> 2.16.840.1.113762.1.4.1248.139		
4d	Long COVID	<b>ICD-10:</b> U09, U09.9 <b>OID:</b> 2.16.840.1.113762.1.4.1178.98		
	Selected Diseases of the Respiratory System			
5	Asthma	ICD-10: J45- OID: 2.16.840.1.113883.3.526.2.60		
6	Chronic lower respiratory diseases	<b>ICD-10:</b> J40 (count J40 only when code U07.1 <u>is not</u> present), J41- through J44-, J47-, J4A-		
6a	Respiratory conditions related to COVID-19	ICD-10: J12.82, J12.89, J20.8, J40, J22, J98.8, J80 (count codes listed only when code U07.1 <u>is</u> also present) OID: 2.16.840.1.113762.1.4.1029.374		
	Selected Other Medical Conditions			
7	Abnormal breast findings, female	<b>ICD-10:</b> C50.01-, C50.11-, C50.21-, C50.31-, C50.41-, C50.51-, C50.61-, C50.81-, C50.91-, C79.81, D05-, D24, D48.6-, D49.3, N60- through N65-, R92-		
8	Abnormal cervical findings	<b>ICD-10:</b> C53-, C79.82, D06-, N87.0, N87.1, N87.9, R87.61- (exclude R87.615 and R87.616), R87.629, R87.810, R87.820		
9	Diabetes mellitus	<b>ICD-10:</b> E08- through E13-, O24- (exclude O24.4-) <b>OID:</b> 2.16.840.1.113762.1.4.1219.35		

Line	Diagnostic Category	Applicable ICD-10-CM Code or Value Set Object Identifier (OID)	Number of Visits by Diagnosis Regardless of Primacy (a)	Number of Patients with Diagnosis (b)
10	Heart disease (selected)	<b>ICD-10:</b> I01-, I02- (exclude I02.9), I20- through I25-, I27-, I28-, I30- through I52-, Q24-		
11	Hypertension	<b>ICD-10:</b> 110- through 116-, O10-, O11- <b>OID</b> : 2.16.840.1.113762.1.4.1222.1547 (includes all codes other than O11-)		
12	Contact dermatitis and other eczema	<b>ICD-10:</b> H01.13-, L20.89, L23- through L25-, L30- (exclude L30.1, L30.3, L30.4, L30.5)		
13	Dehydration	ICD-10: E86-		
14	Exposure to heat or cold	<b>ICD-10:</b> T33-, T34-, T67-, T68-, T69-, W92-, W93-, X30-, X31-, X32-		
14a	Overweight and obesity	ICD-10: E66-, Z68- (exclude Z68.1, Z68.20 through Z68.24, Z68.51, Z68.52) OID: 2.16.840.1.113762.1.4.1222.35 (includes all E66- codes except E66.3)		
	Selected Childhood Conditions (limited to ages 0 through 17)			
15	Otitis media and Eustachian tube disorders	ICD-10: H65- through H69-, H72-		
16	Selected perinatal/neonatal medical conditions	<b>ICD-10:</b> A33, P19-, P22- through P29- (exclude P29.3-), P35- through P96- (exclude P54-, P91.6-, P92-, P96.81), Q86-		
17	Lack of expected normal physiological development (such as delayed milestone, failure to gain weight, failure to thrive); nutritional deficiencies in children only. Does not include sexual or mental development.	ICD-10: E40- through E46-, E50- through E63-, P92-, R62- (exclude R62.7), R63.3- (exclude R63.39)		
	Selected Mental Health Conditions, Substance Use Disorders, and Exploitations			
18	Alcohol-related disorders	ICD-10: F10-, G62.1, K70-, O99.31-		
19	Other substance-related disorders (excluding tobacco use disorders)	<b>ICD-10:</b> F11- through F19- (exclude F17-), G62.0, O99.32-		
19a	Tobacco use disorder	ICD-10: F17-, O99.33-, Z72.0		
20a	Depression and other mood disorders	ICD-10: F30- through F39-		
20b	Anxiety disorders, including post-traumatic stress disorder (PTSD)	<b>ICD-10:</b> F06.4, F40- through F42-, F43.0, F43.1-, F43.8-, F93.0		
20c	Attention deficit and disruptive behavior disorders	ICD-10: F90- through F91-		

Line	Diagnostic Category	Applicable ICD-10-CM Code or Value Set Object Identifier (OID)	Number of Visits by Diagnosis Regardless of Primacy (a)	Number of Patients with Diagnosis (b)
20d	Other mental disorders, excluding drug or alcohol dependence	<b>ICD-10:</b> F01- through F09- (exclude F06.4), F20- through F29-, F43- through F48- (exclude F43.0- and F43.1-), F50- through F99- (exclude F55-, F84.2, F90-, F91-, F93.0, F98-), O99.34-, R45.1, R45.2, R45.5, R45.6, R45.7, R45.81, R45.82, R48.0		
20e	Human trafficking Intimate partner violence	ICD-10: T74.5- through T74.6-, T76.5- through T76.6-, Z04.81, Z04.82, Z62.813, Z91.42 ICD-10: T74.11-, T74.21-, T74.31-, Z69.11

## SOURCES OF CODES

Code System	Primary Source	Secondary Source
ICD-10-CM	National Center for Health Statistics (NCHS)	ICD10Data.com
CPT	American Medical Association (AMA)	<u>CMS</u>
Code on Dental Procedures and	American Dental Association (ADA)	
Nomenclature (CDT)		
CVX	CDC Vaccine Administered Code Set (CVX)	
HCPCS	CMS	HCPCSData.com
Value Sets	National Library of Medicine Value Set Authority Center	

**Note: "X" in a code** denotes any number, including the absence of a number in that place. **Dashes (-) in a code** indicate that additional characters are required. ICD-10-CM codes all have at least four digits. These codes are not intended to show whether or not a code is billable. Instead, they are used to point out that other codes in the series are to be considered.

### TABLE 6B: QUALITY OF CARE MEASURES

Calendar Year: January 1, 2025, through December 31, 2025

#### 0 Prenatal Care Provided by Referral Only (Check if Yes)

#### Section A—Age Categories for Prenatal Care Patients: Demographic Characteristics of Prenatal Care Patients

Line	Age	Number of Patients (a)
1	Less than 15 years	
2	Ages 15–19	
3	Ages 20–24	
4	Ages 25–44	
5	Ages 45 and over	
6	Total Patients (Sum of Lines 1–5)	

#### Section B—Early Entry into Prenatal Care

Line	Early Entry into Prenatal Care	Patients Having First Visit with Health Center (a)	Patients Having First Visit with Another Provider (b)
7	First Trimester		
8	Second Trimester		
9	Third Trimester		

#### Section C—Childhood Immunization Status

Line	Childhood Immunization Status	Total Patients with 2nd Birthday (a)	Number of Records Reviewed (b)	Number of Patients Immunized (c)
10	MEASURE: Percentage of children 2 years of age who received age- appropriate vaccines by their 2nd birthday			

#### Section D—Cervical and Breast Cancer Screening

Line	Cervical Cancer Screening	Total Female Patients Aged 24 through 64 (a)	Number of Records Reviewed (b)	Number of Patients Tested (c)
11	MEASURE: Percentage of women 24–64 years of age who were screened for cervical cancer			
Line	Durant Courses Samoning	Total Female Patients	Number of	Number of Patients
	Breast Cancer Screening	Aged 52 through 74 (a)	Records Reviewed (b)	with Mammogram (c)

#### Section E—Weight Assessment and Counseling for Nutrition and Physical Activity of Children/Adolescents

Line	Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents	Total Patients Aged 3 through 17 (a)	Number of Records Reviewed (b)	Number of Patients with Counseling and BMI Documented (c)
12	MEASURE: Percentage of patients			
	3–17 years of age with a BMI			
	percentile and counseling on nutrition			
	and physical activity documented			

Line	Preventive Care and Screening: Body Mass Index (BMI) Screening and Follow-Up Plan	Total Patients Aged 18 and Older (a)	Number of Records Reviewed (b)	Number of Patients with BMI Charted and Follow-Up Plan Documented as Appropriate (c)
13	MEASURE: Percentage of patients 18 years of age and older with (1) BMI documented and (2) follow-up plan documented if BMI is outside normal parameters			

#### Section F—Preventive Care and Screening: Body Mass Index (BMI) Screening and Follow-Up Plan

#### Section G—Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention

Line	Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention	Total Patients Aged 12 and Older (a)	Number of Records Reviewed (b)	Number of Patients Assessed for Tobacco Use <i>and</i> Provided Intervention if a Tobacco User (c)
14a	MEASURE: Percentage of patients aged 12 years of age and older who (1) were screened for tobacco use one or more times during the measurement period, <b>and</b> (2) if identified to be a tobacco user received cessation counseling intervention			

#### Section H—Statin Therapy for the Prevention and Treatment of Cardiovascular Disease

Line	Statin Therapy for the Prevention	Total Patients at High	Number of	Number of Patients
	and Treatment of Cardiovascular	Risk of Cardiovascular	Records Reviewed	Prescribed or On
	Disease	Events (a)	(b)	Statin Therapy (c)
17a	MEASURE: Percentage of patients at high risk of cardiovascular events who were prescribed or were on statin therapy			

#### Section I—Ischemic Vascular Disease (IVD): Use of Aspirin or Another Antiplatelet

Line	Ischemic Vascular Disease (IVD): Use of Aspirin or Another Antiplatelet	Total Patients Aged 18 and Older with IVD Diagnosis or AMI, CABG, or PCI Procedure (a)	Number of Records Reviewed (b)	Number of Patients with Documentation of Aspirin or Other Antiplatelet Therapy (c)
18	MEASURE: Percentage of patients 18 years of age and older with a diagnosis of IVD or AMI, CABG, or PCI procedure with aspirin or another antiplatelet			

Line	Colorectal Cancer Screening	Total Patients Aged 46 through 75 (a)	Number of Records Reviewed (b)	Number of Patients with Appropriate Screening for Colorectal Cancer (c)
19	MEASURE: Percentage of patients 46 through 75 years of age who had appropriate screening for colorectal cancer			

#### Section J—Colorectal Cancer Screening

#### Section K—HIV Measures

Line	HIV Linkage to Care	Total Patients First Diagnosed with HIV (a)	Number of Records Reviewed (b)	Number of Patients Seen Within 30 Days of First Diagnosis of HIV (c)
20	MEASURE: Percentage of patients whose first-ever HIV diagnosis was made by health center personnel between December 1 of the prior year and November 30 of the measurement period and who were seen for follow- up treatment within 30 days of that first-ever diagnosis			
Line	HIV Screening	Total Patients Aged 15 through 65 (a)	Number of Records Reviewed (b)	Number of Patients Tested for HIV (c)
20a	MEASURE: Percentage of patients 15 through 65 years of age who were tested for HIV when within age range			

#### Section L—Depression Measures

Line	Preventive Care and Screening: Screening for Depression and Follow-Up Plan	Total Patients Aged 12 and Older (a)	Number of Records Reviewed (b)	Number of Patients Screened for Depression and Follow-Up Plan Documented as Appropriate (c)
21	MEASURE: Percentage of patients 12 years of age and older who were (1) screened for depression with a standardized tool <i>and</i> , if screening was positive, (2) had a follow-up plan documented			
Line	Depression Remission at Twelve Months	Total Patients Aged 12 and Older with Major Depression or Dysthymia (a)	Number of Records Reviewed (b)	Number of Patients who Reached Remission (c)
21a	MEASURE: Percentage of patients 12 years of age and older with major depression or dysthymia who reached			

Line	Dental Sealants for Children between 6–9 Years	Total Patients Aged 6 through 9 at Moderate to High Risk for Caries (a)	Number of Records Reviewed (b)	Number of Patients with Sealants to First Molars (c)
22	MEASURE: Percentage of children 6 through 9 years of age at moderate to high risk of caries who received a sealant on a first permanent molar			

#### Section M—Dental Sealants for Children between 6–9 Years

#### Section N—Substance Use Disorder (SUD) Measures

Line	Initiation and Engagement of Substance Use Disorder (SUD) Treatment	Total Patients Aged 13 and Older Diagnosed with a New SUD Episode (a)	Number of Records Reviewed (b)	Number of Patients who Received SUD Treatment (c)
23a	MEASURE: Percentage of patients with a new SUD episode who <b>initiated treatment</b> , including either an intervention or medication for the treatment of SUD, within 14 days of the new SUD episode			
23b	MEASURE: Percentage of patients with a new SUD episode who <b>engaged in ongoing treatment</b> , including two additional interventions or medication treatment events for SUD, or one long-acting medication event for the treatment of SUD, within 34 days of the initiation			

# TABLE 7: HEALTH OUTCOMES

		on A: Deliveries and Birth Weight			
	Description			Patients (a)	
0	HIV-Positive Pregnant Women				
2	Deliveries Performed by Health Center's Providers

## Appendix D: Health Center Health Information Technology (Health IT) Capabilities

#### INTRODUCTION

The Health IT Capabilities Form collects information through a series of questions on the health center's health IT capabilities, including EHR interoperability and eligibility for CMS Promoting Interoperability Program. The Health IT Capabilities Form must be completed and submitted as part of the UDS submission. The form includes questions about the health center's implementation of an EHR, certification of systems, and how widely adopted the system is throughout the health center and its providers.

The text directly below indicates changes from 2024 calendar year reporting to 2025 calendar year reporting:

There are no key changes to this form.

This marks the conclusion of changes from 2024 calendar year reporting to 2025 calendar year reporting.

### QUESTIONS

The following questions appear in the EHBs. Complete them before you file the UDS Report. Reporting requirements for the health IT questions are on-screen in the EHBs as you complete the form. Respond to each question based on your health center status **as of December 31, 2025**.

1. Does your health center currently have an electronic health record (EHR) system installed and in use, at a minimum, for medical care, by December 31?

a. Yes, installed at all service delivery sites and used by all providers	<ul> <li>For the purposes of this response, "providers" mean all fully trained medical providers, including physicians, nurse practitioners, physician assistants, and certified nurse midwives.</li> <li>Although some or all of the dental, mental health, or other providers may also be using the system, as may medical support personnel, this is not required to choose response (a).</li> <li>For the purposes of this response, "all service delivery sites" means all permanent service delivery sites where medical providers serve health center medical patients on a regular basis.</li> <li>It DOES NOT include administrative-only locations, hospitals or nursing homes, mobile vans, or sites used on a seasonal or temporary basis.</li> <li>You may check this option if a few newly hired, untrained personnel are the only ones not using the system.</li> </ul>						
b. Yes, but only installed at some service delivery sites or used by some providers	<ul> <li>Select option (b) if one or more permanent service delivery sites did NOT have the EHR installed or in use (even if this is planned), or if one or more fully trained medical providers (as defined on above in [a]) do not yet use the system.</li> <li>When determining if all providers have access to the system, the health center should also consider part-time and locum providers who serve clinic patients.</li> <li>DO NOT select this option if the only medical providers who did not have access were those who were newly hired and still being trained on the system.</li> </ul>						
c. No	<ul> <li>Select "no" if no EHR was in use on December 31, even if you had the system installed and training had started.</li> <li>If the health center purchased an EHR but has not yet put it into use, answer "no."</li> </ul>						

If response is "c. No," skip to Question 11. If response is "a" or "b," continue to next question.

If more than one medical EHR is used, answer "Yes," to Question 1 and select "a" if they are used at all service delivery sites and used by all providers or select "b" if they are used at some service delivery sites or used by some providers.

If "Yes, but only installed at some service delivery sites or used by some providers" is selected, a box expands for health centers to identify how many service delivery sites have the EHR in use and how many (medical) providers are using it. Please enter the number of service delivery sites (as defined under question 1) where the EHR is in use and the number of providers who use the system (at all service delivery sites). Include part-time and locum medical providers who serve clinic patients. Count a provider who has separate login identities at more than one service delivery site as just one provider.

This next set of questions seeks to determine whether the health center installed an EHR by December 31 and, if so, which product was in use, how broad system access was, and what features were available and in use. DO NOT include PMS or other billing systems, even though they can often produce much of the UDS data.

If a system is in use (i.e., if [a] or [b] has been selected), indicate whether it has been certified by the Assistant Secretary for Technology Policy (ASTP)/Office of the National Coordinator (ONC)—Authorized Testing and Certification Bodies.

**Note:** ASTP/ONC has mandated new regulations under the Base EHR Definition as part of the <u>Health Data</u>, <u>Technology, and Interoperability (HTI-1) final rule</u>, which specifically adds the Decision Support Interventions (DSI) certification criterion (45 CFR 170.315(b)(11)) and mandates all certified EHR technologies (CEHRT) comply by January 1, 2025.

- 1a. Is your system certified by the Assistant Secretary for Technology Policy (ASTP)/Office of the National Coordinator for Health Information Technology (ONC) Health IT Certification Program?
  - a. Yes
  - b. No

Health centers are to indicate the vendor, product name, version number, and ASTP-/ONC-certified health IT product list number. This information is available on the <u>Certified Health IT Product List (CHPL</u>). Select the most current version number being used. If you have more than one EHR (if, for example, you acquired another practice with its own EHR), report the EHR that will be the successor system or the EHR used for capturing primary medical care.

- 1a1. Vendor
- 1a2. Product Name
- 1a3. Version Number
- 1a4. ASTP-/ONC-certified Health IT Product List Number

**Note:** The CHPL Number is a standardized number that reflects your certified product and version. Stepby-step instructions for using the CHPL to find your system are available <u>in the CHPL Public User Guide</u>.

1b. Did you switch to your current EHR from a previous system during the calendar year?

a. Yes

b. No

- 1c. Do you use more than one EHR, data collection, and/or data analytics system across your organization? Select "Yes" if the health center has more than one EHR that flows into one central health IT/EHR or practice management system.
  - a. Yes
  - b. No

1c1. If yes, what is the reason?

- a. Additional EHR/data system(s) are used during transition from one primary EHR to another
- b. Additional EHR/data system(s) are specific to one or more service types (e.g., dental, behavioral health, care coordination)
- c. Additional EHR/data system(s) are used at specific service delivery sites with no plan to transition
- d. Additional EHR/data system(s) are used for analysis and reporting (such as for clinical quality measures or custom reporting)
- e. Other (please describe \_\_\_\_\_)

1d. Question removed.

1e. Question removed.

- 2. Question removed.
- 3. Question removed.
- 4. Which of the following key providers/health care settings does your health center electronically exchange clinical or patient information with? (Select all that apply.)
  - a. Hospitals/Emergency rooms
  - b. Specialty providers
  - c. Other primary care providers
  - d. Labs or imaging
  - e. Health information exchange  $(HIE)^2$
  - f. Community-based organizations/social service partners
  - g. None of the above (Please select "None of the above" only if none of the other options apply.)
  - h. Other (please describe \_\_\_\_\_)
- 5. Does your health center engage patients through health IT in any of the following ways? (Select all that apply.)
  - a. Patient portals
  - b. Kiosks
  - c. Secure messaging between patient and provider
  - d. Online or virtual scheduling
  - e. Automated electronic outreach for care gap closure or preventive care reminders

<sup>&</sup>lt;sup>2</sup> HIEs are typically state or regional data exchanges that support information sharing between different organizations, provider types, and technology vendors. More information on HIEs can be found <u>on the Health Information Exchange webpage</u>.

- f. Application programming interface (API) patient access to their health record through mHealth apps<sup>3</sup>
- g. Other (please describe \_\_\_\_\_
- h. No, we DO NOT engage patients using health IT (*Please select "No, we DO NOT engage patients using health IT" only if none of the other options apply.*)
- 6. Question removed.
- 7. Question removed.
- 8. Question removed.
- 9. Question removed.
- 10. How does your health center utilize health IT and EHR data beyond direct patient care? (Select all that apply.)
  - a. Quality improvement (e.g., outreach, health education)
  - b. Population health management
  - c. Program evaluation and planning (e.g., grants, needs assessments, strategic planning)
  - d. Research
  - d1. Financial monitoring (e.g., value-based incentives, reimbursements)
  - e. Other (please describe \_\_\_\_\_)
  - f. We DO NOT utilize health IT or EHR data beyond direct patient care (*Please select "We DO NOT utilize* health IT or EHR data beyond direct patient care" only if none of the other options apply.)
- 11. Does your health center collect data on individual patients' health-related needs, outside of the data countable in the UDS?

**Note:** Health centers should respond "a. Yes" below only if they are screening for health-related needs, meaning they have a consistent set of questions that are asked of individual patients uniformly for the purposes of collecting information on the non-medical, health-related needs of patients, such as housing instability and/or food insecurity, **beyond** those demographic patient characteristics captured elsewhere on the UDS Report. Collecting race, ethnicity, and/or income level would not be considered here as collecting data on individual patients' health-related needs, as this information is already counted in the UDS Report, on Tables 3B and 4. Similarly, collecting data on intimate partner violence, domestic violence, and/or human trafficking would not be considered, as this information is already counted in the UDS Report, on Tables 6A.

- a. Yes
- b. No, but we are in planning stages to collect this information
- c. No, we are not planning to collect this information

If response to Question 11 is "a," then continue to the next question. If response is "b" or "c," skip to Question 12b.

<sup>&</sup>lt;sup>3</sup> More information on <u>How APIs in Health Care can Support Access to Health Information: Learning Module</u>

- 11a. How many health center patients were screened for health-related needs using a standardized screener during the calendar year? (Only respond to this if the response to Question 11 is "a. Yes" and count only patients who completed (some of or all of) the screener)
- 12. Which standardized screener(s) for health-related needs, if any, did you use during the calendar year? (Select all that apply. Only respond to this if your response to Question 11a is greater than 0.)
  - a. Accountable Health Communities Screening Tools
  - b. Upstream Risks Screening Tool and Guide
  - c. IHELLP
  - d. Recommend Social and Behavioral Domains for EHRs
  - e. Protocol for Responding to and Assessing Patients' Assets, Risks, and Experiences (PRAPARE)
  - f. Well Child Care, Evaluation, Community Resources, Advocacy, Referral, Education (WE CARE)
  - g. WellRx
  - h. Health Leads Screening Toolkit
  - i. Other (please describe: \_\_\_\_\_)

**Note:** Health centers that are screening for health-related needs, using the definition noted in Question 11, but are NOT using one of the standardized screening tools listed should respond "i. Other." Specify that you are using standardized questions from various screening tools.

j. We DO NOT use a standardized screener (response to Question 12b is required when selected)

**Note:** Only select "j. We DO NOT use a standardized screener" if you DO NOT use a consistent set of questions/approach to screen patients for health-related needs. If Question 11a is greater than 0 and the health center responds to Question 12, continue to the next question. If Question 11a is 0 and Question 12 is any option other than "j," skip to Question 13.

- 12a. Of the total patients screened for health-related needs (Question 11a), please provide the total number of patients that screened positive for any of the following at any point during the calendar year. (A patient may experience multiple health-related needs and should be counted once for each risk factor they screened positive for, regardless of the number of times screened during the year.)
  - a. Food insecurity \_\_\_\_\_
  - b. Housing insecurity
  - c. Financial strain
  - d. Lack of transportation/access to public transportation
- 12b. If you DO NOT use a standardized screener to collect this information, please indicate why. (Select all that apply.) (Only respond to this question if your response to Question 11a is "zero" or if Question 12, option j is selected.)
  - a. Have not considered/unfamiliar with standardized screeners
  - b. Lack of funding for addressing these unmet health-related needs of patients
  - c. Lack of training for personnel to discuss these issues with patients

\_\_\_\_

- d. Inability to include with patient intake and clinical workflow
- e. Not needed
- f. Other (please describe \_\_\_\_\_)

- 13. Does your health center integrate a statewide Prescription Drug Monitoring Program (PDMP) database into the health information systems, such as health information exchanges, EHRs, and/or pharmacy dispensing software (PDS) to streamline provider access to controlled substance prescriptions?
  - a. Yes
  - b. No
  - c. Not sure

## Appendix E: Other Data Elements

#### INTRODUCTION

The questions on the Other Data Elements Form collect information on the changing landscape of health centers to include expanded services and delivery systems.

The text directly below indicates changes from 2024 calendar year reporting to 2025 calendar year reporting:

There are no key changes to this form.

This marks the conclusion of changes from 2024 calendar year reporting to 2025 calendar year reporting.

#### QUESTIONS

Topics on this form include medications for opioid use disorder (MOUD), telehealth, outreach and enrollment assistance, and screenings for family planning needs. Respond to each question based on your health center status **as of December 31, 2025**.

- 1. Medications for Opioid Use Disorder (MOUD)
  - a. How many providers, on-site or with whom the health center has contracts, are eligible to treat opioid use disorder with medications specifically approved by the <u>U.S. Food and Drug Administration (FDA)</u> (i.e., buprenorphine, methadone, naltrexone) for that indication during the calendar year?
  - b. During the calendar year, how many patients received MOUD from a provider accounted for in Question 1a?

**Note:** Review the applicable value set from Table 6A, Line 26c3, for MOUD. The number of patients included on Table 6A should be the same as patients reported in this form, Question 1b.

2. Did your organization use telemedicine to provide remote (virtual) clinical care services?

Note: Telemedicine services refers to remote clinical services for patients.

a. Yes

If "Yes" is selected, proceed to questions 2a1–2a3.

- 2a1. Who did you use telemedicine to communicate with? (Select all that apply.)
  - a. Patients at remote locations from your organization (e.g., home telehealth, satellite locations)
  - b. Specialists outside your organization (e.g., specialists at referral centers)

2a2. What telehealth technologies did you use? (Select all that apply.)

- a. Real-time telehealth (e.g., live videoconferencing)
- b. Store-and-forward telehealth (e.g., secure email with photos or videos of patient examinations)
- c. Remote patient monitoring (e.g., electronic transmission of data from patients to health care providers, such as vital signs, pulse, blood pressure)
- d. Mobile Health (mHealth) (e.g., patient technologies, like smartphones and tablet apps)

#### UDS SUPPORT CENTER, 866-UDS-HELP, UDSHELP330@BPHCDATA.NET, BPHC CONTACT FORM

2a3. What primary telemedicine services were used at your organization? (Select all that apply.)

- a. Primary care
- b. Oral health
- c. Behavioral health: Mental health
- d. Behavioral health: Substance use disorder
- e. Dermatology
- f. Chronic conditions
- g. Disaster management
- h. Consumer health education
- i. Provider-to-provider consultation
- j. Radiology
- k. Nutrition and dietary counseling
- 1. Other (Please describe \_\_\_\_\_)
- b. No.

If you did not use telemedicine services, please comment on why. (Select all that apply.)

- a. Have not considered/unfamiliar with telehealth service options
- b. Policy barriers (Select all that apply.)
  - i. Lack of or limited reimbursement
  - ii. Credentialing, licensing, or privileging
  - iii. Privacy and security
  - iv. Other (Please describe \_\_\_\_\_)
- c. Inadequate broadband/telecommunication service (Select all that apply.)
  - i. Cost of service
  - ii. Lack of infrastructure
  - iii. Other (Please describe \_\_\_\_\_)
- d. Lack of funding for telehealth equipment
- e. Lack of training for telehealth services
- f. Not needed
- g. Other (Please describe \_\_\_\_\_)

3. Provide the number of all assists provided during the past year by all trained assisters (e.g., certified application counselor or equivalent) working on behalf of the health center (personnel, contracted personnel, or volunteers), regardless of the funding source that is supporting the assisters' activities. Outreach and enrollment assists are defined as customizable education sessions about third-party primary care health insurance coverage options (one-on-one or small group) and any other assistance provided by a health center assister to facilitate enrollment.

Enter number of assists

Note: Assists DO NOT count as visits on the UDS tables.

4. How many health center patients were screened for voluntary family planning, including contraceptive methods, using a standardized screener during the calendar year?

# Appendix F: Workforce

### INTRODUCTION

The Workforce Form collects information through a series of questions on health center workforce. It is important to understand the current state of health center workforce training and staffing models to better support recruitment and retention of health center professionals.

The text directly below indicates changes from 2024 calendar year reporting to 2025 calendar year reporting:

There are no key changes to this form.

This marks the conclusion of changes from 2024 calendar year reporting to 2025 calendar year reporting.

## QUESTIONS

Report on these data elements as part of your UDS submission. Topics include health professional education/training (DO NOT include continuing education units) and satisfaction surveys. Respond to each question based on your health center status **as of December 31, 2025**.

- 1. Does your health center provide any health professional education/training that is a hands-on, practical, or clinical experience?
  - a. Yes
  - b. No
- 1a. If yes, which categories describe your health center's role in the health professional education/training process? (Select all that apply.)
  - a. Sponsor<sup>4</sup>
  - b. Training site partner<sup>5</sup>
  - c. Other (please describe \_\_\_\_\_)
- 2. If yes, please indicate the range of health professional education/training offered at your health center and how many individuals you have trained in each category<sup>6</sup> within the calendar year. (Do not answer this question if your response to question 1 was No).

**Note:** Line 1, below, is the count of individuals, regardless of their specialty. Lines 1a–1f are to account for the multiple specialties that an individual has received or may be receiving training for during the calendar year (e.g., an Internist + other specialty).

**Note:** Line 25, Other, may include students interested in health care (e.g., internships, master's-level placements); students enrolled in specialized training, such as radiology; social work; phlebotomy; physical therapy, and occupational therapy; pharmacy technicians; and community health workers, for example.

<sup>&</sup>lt;sup>4</sup> A sponsor hosts a comprehensive health profession education and/or training program, the implementation of which may require partnerships with other entities that deliver focused, time-limited education and/or training (e.g., a teaching health center with a family medicine residency program).

<sup>&</sup>lt;sup>5</sup> A training site partner delivers focused, time-limited education and/or training to learners in support of a comprehensive curriculum hosted by another health profession education provider (e.g., month-long primary care dentistry experience for dental students).

<sup>&</sup>lt;sup>6</sup> Examples of pre-graduate/certificate training include student clinical rotations or externships. A residency, fellowship, or practicum would be examples of post-graduate training. Include non-health-center individuals trained by your health center.

	a. Pre-Graduate/Certificate	b. Post-Graduate Training
Medical		
1. Physicians		
a. Family Physicians
