

Uniform Data System (UDS) Office Hours

Reports, Tools, and Quality Improvement Insights

August 6, 2026, 2:00–3:00 p.m. ET

Amanda Lawyer, M.P.H.

Training and Technical Assistance Specialist

Health Resources and Services Administration (HRSA), Bureau of Primary Health Care (BPHC)

Some slides contain URLs in the notes.

Vision: Healthy Communities, Healthy People

Disclaimer

This webinar was produced for the Health Resources and Services Administration (HRSA), Bureau of Primary Health Care (BPHC), under contract number 47QRAA23D0087/75R60223F80123.

This publication lists non-federal resources in order to provide additional information to consumers. Neither the U.S. Department of Health and Human Services (HHS) nor HRSA has formally approved the non-federal resources in this manual. Listing these is not an endorsement by HHS or HRSA.

Housekeeping

- **This event is being recorded:** Audio is now broadcasting.
- **Audio is provided through your computer speakers or headphones:** Your line is automatically muted.
- **If you have issues with your speakers:** Close out of Zoom; when you reconnect, check your audio options before joining.
- **Live captioning is available:** Click the CC Live Transcription button to show and hide captions during today's event.
- **Chat box:** The chat will be disabled for attendees but used for dropping links and files today.
- **Need tech support or have questions for our presenters?** Please type in the Q&A box!

Office Hours Agenda

AGENDA

- Orient to the Electronic Handbooks (EHBs) and key features
- Identify available Uniform Data System (UDS) tools and reports
- Walk through a demonstration of accessing reports in the EHBs
- Use UDS data to identify strengths, weaknesses, and opportunities
- Identify available assistance

Orientation to the EHBs and Key Features

EHBs Access

Current and Prior-Year Reports

Availability of UDS Data and Reports

UDS Report Level	Timeline	Recipient	Look-Alike	PCAs and NTAP
Health Center UDS Data Tables (Submitted/Finalized)	Available after initial submission	HC	HC	Not available
UDS Health Center Trend Report	July/August	HC, S, N	HC, N	HC, S, N
UDS Summary Report	July/August	HC, S, N	HC, N	HC, S, N
UDS Rollup Report	July/August	S, N	N	S, N
Health Center Performance Comparison Report	September	HC, S, N	HC, N	HC, S, N
Data Dumps	August	Not available	Not available	HC
Service Area Data	Fall	HC, S, N	HC, N	HC, S, N

HC = Health Center; N = Nation; NTAP = National Technical Assistance Programs; PCA = Primary Care Association; S = State

Available EHBs Reports and Data

- Reports are available in the [EHBs](#).
- They can be found by accessing:
 - Grants
 - Work on Performance Report

Accessing UDS Reports

- Hover over the Grants tab; under Submissions, click on “Work on Performance Report.”
- The next page will have a Performance Report for each year.
- Click on “Performance Reports” in the far-right column; the reports will be on the next screen.

The screenshot displays the HRSA Electronic Handbooks interface. The top navigation bar includes tabs for Tasks, Organization, Grants, Free Clinics, FQHC-LALs, Dashboards, and Resources. The Grants tab is active, and the Submissions section is highlighted. A callout box points to the 'Work on Performance Report' link. Below this, a table lists various submissions with columns for Reporting Period, Deadline, Submitted Date, Status, and Options. The Options column contains a dropdown menu with 'Performance Reports' selected. A yellow box highlights the 'Performance Reports' dropdown menu.

On the next page, scroll down until you see a list.

Reporting Period	Deadline	Submitted Date	Status	Options
01/01/2023 - 12/31/2023	02/15/2024		In Progress	Performance Reports
01/01/2022 - 12/31/2022	03/06/2023	02/20/2023	Submitted	Performance Reports
01/01/2021 - 12/31/2021	03/14/2022	03/02/2022	Submitted	Performance Reports
01/01/2020 - 12/31/2020	04/20/2021	04/15/2021	Submitted	Performance Reports
01/01/2019 - 12/31/2019	03/01/2020	02/21/2020	Submitted	Performance Reports
01/01/2018 - 12/31/2018	03/08/2019	02/25/2019	Submitted	Performance Reports
01/01/2017 - 12/31/2017	03/05/2018	02/18/2018	Submitted	Performance Reports
01/01/2016 - 12/31/2016	03/10/2017	03/06/2017	Submitted	Performance Reports
01/01/2015 - 12/31/2015	03/11/2016	03/07/2016	Submitted	Performance Reports

Accessing UDS Reports (continued)

- Once you click “Performance Reports” in the far-right column for the year you want, the available reports will be in the next screen, as shown here.
- Six reports are available, in addition to HTML of the UDS tables for that year below what is shown here.
- Formula guides provide formulas outlining data used for calculations in select reports. Guides are linked in the middle column.

Reports		
Report Name	Description	Action
UDS Data File in XML	Submitted Raw UDS Data File in XML format.	Download
UDS Data File - Excel Format	Download a copy of your health centers' submitted UDS Performance Report in an excel format including data in all tables and forms.	Download
UDS Health Center, State, National Summary Report	The Summary Report is a 'dashboard' report intended to describe each health center in a statistical manner. Calculations of key measures are derived from their own organization's current reporting on the UDS. The measures are broken out into two main categories: 1) Demographic and Clinical Data (Patients, Visits, Staffing and Clinical Information) and 2) Fiscal Information (Costs and Revenues) and provide an overall picture of the health center's performance in each of these areas. Formula Guide: UDS Summary Report	View
UDS National and State Rollups	The Rollup Reports compile annual data reported by Health Center Program (HCP) health centers. Summary HCP data are provided for patient demographics, patient characteristics, staffing, patient diagnoses and services rendered, quality of care, health outcomes, financial costs, and revenues. The UDS Standard Rollup Reports provide the values and measures for universal and grant specific data at the National and State level. Formula Guide: UDS Rollup Report	View
UDS Health Center Trend Report	The Health Center Trend Report, introduced in 2008, reports on the key performance measures. The report compares the health center's performance for these measures with national and state averages over a 3 year period. The measures describe health center performance in three categories: Access, Quality of Care/Health Outcomes, and Financial Cost/Viability and provide an overall picture of the health center's performance in each of these areas.	View

Website Reports and Publicly Available Data

- Information is available to the public on the HRSA Health Center Program [GeoCare Navigator site](#).
- Finalized UDS data are available to the public on the [HRSA Health Center Program Data & Reporting site](#):
 - UDS state and national summary tables and Health Center Program awardee and look-alike data profiles will be available in the HRSA Data Warehouse in August 2026.
 - Service area data will be available on the HRSA Data & Reporting website in August 2026.
 - Annual performance data in Excel will be available in the HRSA Data Downloads webpage in August 2026.

Uniform Data System (UDS) data

Program awardees and look-alikes must report on a core set of measures in the UDS each calendar year. The UDS defines each measure. We use this data to assess the Health Center Program. We look at its impact and how it's performing, and how we can improve quality.

Data overview

[data.hrsa.gov](#)

Review data profiles and special populations funded programs. Get a snapshot of patient characteristics and compare data between states or territories or to the national average.

Awardee data

[data.hrsa.gov](#)

View expanded summaries of UDS tables and five-year national summaries of select UDS data measures aggregated by Health Center Program awardees.

Look-alike data

[data.hrsa.gov](#)

Explore expanded summaries of UDS tables and five-year national summaries of select UDS data measures aggregated by Health Center Program look-alikes.

Adjusted Quartile Ranking (AQR)

The adjusted quartile ranking assesses health centers' performance in clinical quality measures (CQMs) compared to other health centers with similar patient demographics and organizational characteristics.

Community Health Quality Recognition

The Community Health Quality Recognition (CHQR) badges recognize Health Center Program awardees and look-alikes that have made notable quality improvement achievements.

Poll: Use of Reports

Do you regularly use any of the reports we're going to cover today?

If yes, which ones? (Select all that apply.)

- ☐ UDS Summary Report
- ☐ UDS Health Center Trend Report
- ☐ UDS Health Center Performance Comparison (HCPC) Report
- ☐ UDS Rollup Report
- ☐ HRSA publicly available data
- ☐ All of the above
- ☐ None of the above

EHBs Demonstration

Accessing Reports

UDS Summary Report

Provides a calendar-year summary and analysis of health centers' UDS data using measures calculated across tables.

Value of the UDS Summary Report

- Can be downloaded as an Excel or PDF file or viewed on the site via HTML.
- Includes data from each of the 11 UDS tables and 3 forms.
- Used to compare health centers' data with national and state averages.
- Inclusive of both raw values and percentages.
 - Percentages are often more useful than raw numbers when comparing the health center to the state or nation.

UDS Summary Report - Health Center/State/National

BHCMIS ID: 033780 - FLOORCARE BETHUNE COUNTY TECHNICAL INSTITUTE, Philadelphia, PA
Program: Health Center 330

Date Requested: 07/08/2026 01:02 PM EST
Date of Last Report Refreshed: 05/07/2026

UDS Summary Report - Health Center/State/National - 2025 Health Center - Universal

		Health Center		State		National	
PATIENTS							
Total Patients		5,047		869,212		32,746,392	
Number/Percent of Patients by Services							
Medical		4,925	97.58%	671,098	77.21%	27,595,320	84.27%
Dental		3,187	63.15%	232,349	26.73%	6,965,690	21.27%
Mental Health		53	1.05%	89,513	10.30%	3,079,683	9.40%
Substance Use Disorder		-	-	6,811	0.78%	332,058	1.01%
Other Professional		-	-	45,073	5.19%	1,145,836	3.50%
Vision		-	-	15,944	1.83%	1,107,728	3.38%
Enabling Services		0	0.00%	46,071	5.30%	2,621,702	8.01%

UDS Summary Report Snapshot

- Report shows areas in which the health center is performing compared to the state or nation.
- These benchmarks can be used for dashboards or quality reports.
- Report presents data in six categories: patients, visits, staffing, quality of care indicators/health outcomes, costs, and revenue and adjustments.

	Health Center	State	National
QUALITY OF CARE INDICATORS/ HEALTH OUTCOMES			
Perinatal Health			
Early Entry into Prenatal Care (first visit in first trimester)	46.67%	77.16%	73.43%
Low Birth Weight	16.67%	7.60%	8.51%
Preventive Health Screenings and Services			
Weight Assessment and Counseling for Nutrition and Physical Activity for Children and Adolescents	90.40%	74.04%	75.22%
Body Mass Index (BMI) Screening and Follow-Up Plan ⁶	64.30%	68.81%	69.99%
Tobacco Use: Screening and Cessation Intervention	46.77%	85.64%	84.76%
Colorectal Cancer Screening	47.39%	44.37%	44.89%
Screening for Depression and Follow-Up Plan	62.76%	71.17%	75.32%
Depression Remission at Twelve Months	35.85%	19.59%	15.95%
Cervical Cancer Screening	53.26%	61.70%	57.04%
Breast Cancer Screening	62.50%	59.40%	55.98%
Childhood Immunization Status	46.43%	29.24%	29.52%
Dental Sealants for Children between 6-9 Years	82.61%	65.14%	61.81%
Initiation of Substance Use Disorder (SUD) Treatment	85.23%	21.94%	24.95%
Engagement of Substance Use Disorder (SUD) Treatment	52.61%	7.12%	8.73%

UDS Health Center Trend Report

Compares the health center's performance for key measures in three categories over a 3-year period.

Value of the UDS Health Center Trend Report

Used by health centers, HRSA, and stakeholders to monitor program performance and identify opportunities for quality improvement.

Used by health centers in grant applications.

Provides standard metrics in trend format to support monitoring performance over time and comparison across health centers, states, and the nation over a 3-year period.

Provides the ability to see how the landscape has changed over time for various metrics.

UDS HCPC Report

Provides a calendar-year summary and analysis of health centers' UDS data and performance.

UDS HCPC Report (continued)

Provides two sets of data:

- Quality of care indicators/health outcomes
- Cost of care indicators (cost per visit and cost per patient)

Presents several levels of comparisons:

- Healthy People 2030 goals (where available)
- Averages for various comparison groups
- Percentiles for financial data
- Service categories including medical, dental, mental health, substance use, vision, and enabling

Comparisons for understanding quality of care:

- Are used to compare against national benchmarks and performance of health center peers
- Show health centers' HRSA-generated adjusted quartile rankings for clinical measures
- Include national percentile references for cost data

UDS HCPC Report: Quality of Care Indicators/Health Outcomes

Individual health center data

Healthy People benchmarks

Average for comparison group

Adjusted quartiles

	Health Center	Healthy People 2030 Goals ⁴	Averages							Health Center Adjusted Quartile ⁵

UDS HCPC Report: Adjusted Quartile Ranking

- Ranking of a health center's clinical quality measures (CQMs) compared to other health centers
- Quartile rankings: 1 (highest 25%) to 4 (lowest 25%)
- Health center characteristics included in calculation:
 - Percentage of uninsured patients
 - Percentage of homeless population
 - Percentage of migratory and seasonal agricultural workers
 - Percentage of Medicare patients
 - Rural health center status

Note: Health centers with CQMs with fewer than 30 patients that meet the measure criteria in the denominator or zero/missing clinical measures are excluded.

Poll: What information do you use in the HCPC report? (check all that apply)

- *Health center data*
- *Healthy People benchmarks*
- *Comparison data*
- *Adjusted quartile ranking*

If you have *not* used this report, how would you/
could you use this information in your work?

UDS Rollup Report

Compiles and aggregates annual data reported by health centers at national, state, and grant (Homeless Population [HP], Migratory and Seasonal Agricultural Workers [MSAW], Residents of Public Housing [RPH]) levels.

What is the Rollup Report?

- Structured similarly to the UDS tables.
- All data elements reported in each of the UDS tables and forms are used.
- Calculates averages on some tables.
- Typically available in EHBs and on the HRSA UDS Technical Assistance site in August.

What is the value?

Provides context for the health center's data in comparison to state or national averages.

Helpful for calculating additional variables that may not be provided in standard available reports.

Provides insights into services and compliance rates at state or national level.

Evaluated by stakeholders as a 1-year snapshot of the Health Center Program performance.

Highly customizable: Run for 330, look-alike, Bureau of Health Workforce at the national level, inclusive of all reports or grant-specific reports.

UDS Rollup Report Snapshot

Table 4

Rollups are in UDS table format with additional information.

Table 4 - Selected Patient Characteristics - 2025
State - Universal - 40 Health Centers

Line	Income as Percent of Poverty Guideline	Number of Patients (a)		% of Total	% of Known
Income as Percentage of Poverty Guideline

Based on today's walk-through of the reports, what is one specific report you plan to pull and share with your clinical or operational leadership team this month?

- What specifically do you plan to use the report to show?
- How do you use these reports to drive actionable change?

HRSA Website Reports

Health Center Program Profiles

HRSA, health centers, and researchers use profile data to help them understand changes across years for selected UDS data (available for individual health centers, state/territory, and nation).

Shows each health center's performance:

- Service area maps
- [Community Health Quality Recognition badges](#)
- Program requirements

Shows 5 years of data for selected categories:

- Age and race/ethnicity
- Patient characteristics
- Services
- Clinical data
- Cost data

[Access health center data.](#)

Health Center Program UDS Data (State Specific)

Clinical Data section includes, for example:

- Patients with medical conditions
- Quality of care measures, broken into three areas: perinatal health, preventive health screening and services, and chronic disease management

Profiles also offer the ability to drill down on data included on forms, including health-related needs screening from the health information technology form.

Expanded Summaries of 2025 UDS Data Tables

The UDS includes tables that provide consistent demographic, clinical, operational, and financial data. View national aggregated summaries of UDS health center awardee data. For more detailed descriptions of UDS tables, visit the [UDS Resources](#) page to access UDS manuals and other reporting documentation.

UDS Data Five-Year Summary

Select five-year national summaries of awardee data: Age and Race/Ethnicity, Patient Characteristics, Services, Clinical, and Cost.

Age and Race/Ethnicity	Patient Characteristics	Services	Clinical Data	Cost Data		
Age and Race / Ethnicity		2021	2022	2023	2024	2025
Total Patients		30,193,278	30,517,276	31,277,341	32,387,774	32,746,392
Ages (% of total patients)						
% Children (< 18 years)		28.60%	28.92%	29.13%	29.03%	28.60%
Children (< 18 years)		8,635,363	8,824,109	9,110,850	9,402,165	9,365,906
% Adults (18 – 64 years)		60.51%	59.43%	59.02%	58.73%	58.61%
Adults (18 – 64 years)		18,268,669	18,137,909	18,458,338	19,021,539	19,193,677
% Older Adults (Ages 65 and over)		10.89%	11.65%	11.86%	12.24%	12.79%
Older Adults (Ages 65 and over)		3,289,246	3,555,258	3,708,153	3,964,070	4,186,809

Service Area Data: GeoCare Navigator

Informs users about the calendar-year geographic service areas (based on UDS data) of health centers and Health Center Program look-alikes through maps with:

- Service area of health centers based on ZIP code
- Ratio of patients served by health centers to the total population of focus
- Changes in the number of patients served over time

What is the value?

Can be used to:

- Examine community health
- Respond to grant and New Access Point applications
- Explore service areas
- Analyze population indicators

HRSA Data Downloads Webpage

- What's available? Publicly available UDS data, Freedom of Information Act logs, and other data that are frequently requested from HRSA.
- UDS data available already include required suppressions.

Comparative Benchmarks and Available Assistance

Benchmarks are useful for several purposes!

Compare performance

- See how a health center is performing compared to similar health centers and national goals (e.g., Healthy People, Medicaid Child and Adult Health Care Quality Measure Core Sets).
- Identify opportunities for quality improvement activities and interventions.
- Establish goals and targets for program improvements (e.g., using goals and baselines from available state or local performance data).

Benchmark sources

- Internal comparisons within the Health Center Program, including trends and prevalence.
- National survey and evaluation data with disease prevalence, goals, and quality of care standards (e.g., Million Hearts, Quality Payment Program).
- Private sources (e.g., Medical Group Management Association, American Dental Association).

Selecting Comparison Groups and Setting Goals

- When setting goals, it can be tempting to say, “We’ll improve by 10%” or to aim for 10% above the state average.
- However, it is important to select an appropriate comparison group by identifying peer health centers that:
 - Are similar to your health center models of care (similar mix of services or rural/urban, smaller/larger, special medically underserved populations).
 - Have characteristics that align with your health center’s goals, such as performance in clinical areas.

Available Assistance

Description	Contact	Email or Web Form	Phone
UDS reporting questions	UDS Support Center	udshelp330@bphcddata.net or BPHC Contact Form Select: Uniform Data System (UDS) > UDS Reporting > [the most applicable subcategory]	866-837-4357 (866-UDS-HELP)
EHBs account and user access questions	Health Center Program Support	BPHC Contact Form Select: Technical Support > EHBs Tasks/Technical Issues > EHBs Privileges	877-464-4772
EHBs technical issues with UDS Reports	Health Center Program Support	BPHC Contact Form Select: Technical Support > EHBs Tasks/Technical Issues > Other EHBs Submission Types	877-464-4772
