

Calendar Year 2020 Uniform Data System (UDS) Annual State-Based Training Opportunities

2020 Annual State-Based UDS Trainings will be offered virtually in real-time in conjunction with Primary Care Associations (PCAs) over multiple sessions. These sessions will cover the materials that are typically covered in the UDS day-long, in-person trainings (i.e., instructions and guidance for successful reporting by February 15 of the UDS patient profile, clinical services, operations, finances, and other forms). Trainings are customized to highlight state- and territory-specific topics.

The schedule below lists in order of region and state the first session for the PCA-sponsored UDS training series. Contact information is provided to find out more from the PCA about the training series dates and times and to register. Participants are encouraged to participate in all sessions to receive the complete instruction for UDS reporting.
