

Fiscal Year 2023 Expanding COVID-19 Vaccination (ECV)

Use this template to indicate activities you plan to conduct using your ECV funds. All activities must be consistent with your budget narrative and the ECV funding purpose to increase access to, confidence in, and demand for updated COVID-19 vaccines within your service area.

- Select activities under one or more categories to outline your proposed 6-month activities by indicating “YES”.
- To ensure a complete plan, select “NO” for all activities you do NOT propose for the 6-month period of performance.
- You may not write in self-defined activities within any activity category.
- Upload the completed Activities List as an attachment in your ECV submission via [EHBS](#).

OMB No.: 0915-0285. Expiration Date: 3/31/2023

Expanding COVID-19 Vaccination (ECV) Activities List		
<p>Outreach and Education</p> <p>Increase vaccine confidence and demand by performing vaccine-related outreach to promote health center and community-based vaccination efforts and locations for vaccination, and to provide COVID-19 vaccine education, including through distribution of in-person and online education materials and through formal and informal opportunities for health center providers and staff to share information and respond to questions about vaccines. We encourage health centers to work with community- and faith-based organizations to help amplify and extend reach of these education and outreach efforts, including in multiple languages and through direct engagement with communities.</p>	YES	NO
<p>Working with Community Partners</p> <p>Increase confidence in and access to COVID-19 vaccinations by working with established or new community partners (e.g., Women Infants and Children (WIC), Head Start, and other early childhood partners; community-based organizations that focus on, for example, older adults or other targeted sub-populations, housing, food security, employment, education, behavioral health services). HRSA encourages health centers to conduct vaccine confidence campaigns, planning for and hosting community vaccine clinics, which may be hosted by community partners or at partner sites, but where health centers provide vaccination-related services independently of those community partners. HRSA also encourages health centers to work with community- and faith-based organizations to host events and develop and deliver messaging tailored to community needs.</p>	YES	NO

Expanding COVID-19 Vaccination (ECV) Activities List		
<p>Vaccine Administration Administer updated COVID-19 vaccinations at permanent and temporary health center service sites or other locations, including through mobile, drive-up, walk-up, or community-based vaccination events and routine patient appointments (e.g., well-child visits). Updated COVID-19 vaccine events may also be used to administer COVID-19 primary series and/or other (e.g., influenza) vaccines. All vaccine administration activities should be carried out in alignment with CDC, state/jurisdiction, and other public health guidance, as well as the requirements of the Health Center Program.</p>	YES	NO
<p>Enabling Services Facilitate access to COVID-19 vaccination by expanding health center enabling services (e.g., transportation, translation, interpretation), including coordinating these services with community- and faith-based organizations.</p>	YES	NO
<p>Personnel Hire and/or contract additional health center providers, clinical staff, and other personnel (e.g., community health workers, patient/community education specialists, others) as needed to support related activities, including COVID-19 vaccination, outreach and education and coordination of messaging, events, and other activities with community- and faith-based organizations.</p>	YES	NO
<p>Hours and Availability Extend health center operating hours, mobile and home services, street outreach, and off-site vaccination locations to expand opportunities for COVID-19 vaccination.</p>	YES	NO
<p>Training Train health center workforce on patient-centered, culturally affirming strategies to increase COVID-19 vaccination, vaccine confidence, and address social and other barriers to COVID-19 vaccination access.</p>	YES	NO
<p>Supplies Purchase COVID-19 vaccination supplies, materials, and signage to promote vaccination events and to support outreach efforts, tailored messaging, and other communications to increase vaccine confidence.</p>	YES	NO

Public Burden Statement: Health centers (section 330 grant funded and Federally Qualified Health Center look-alikes) deliver comprehensive, high quality, cost-effective primary health care to patients regardless of their ability to pay. The Health Center Program application forms provide essential information to HRSA staff and objective review committee panels for application evaluation; funding recommendation and approval; designation; and monitoring. The OMB control number for this information collection is 0915-0285 and it is valid until 3/31/2023. This information collection is mandatory under the Health Center Program authorized by section 330 of the Public Health Service (PHS) Act ([42 U.S.C. 254b](#)). Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.
