**General Notes**

- **Competing continuation applicants:** These forms will be pre-populated and cannot be modified to ensure that they reflect the current scope of project. Changes in services, sites, and other activities/locations require prior approval through a Change in Scope request submitted in HRSA EHBs. If the pre-populated data do not reflect recently approved scope changes, click the **Refresh from Scope** button in HRSA EHBs to display the latest scope of project.

**Note:** In order for forms to accurately pre-populate, you must correctly complete the **SF-424** in Grants.gov by selecting **Continuation** for Box 2 and providing the grant number for Box 4. **Failure to apply in this manner may result in delayed HRSA EHBs application access.**
• **New or competing supplement applicants**: Complete these forms based only on the scope of project included in this application for the proposed service area.

• If the application is funded, only the services, sites, and other activities/locations listed on these forms will be in the approved scope of project, regardless of what is described elsewhere in the application.

• Refer to the [Scope of Project](#) documents and resources for details pertaining to defining and changing scope (i.e., services, sites, service area zip codes, target population).

Provide requested data for other activities/locations (e.g., home visits, health fairs). List only activities/locations that 1) do not meet the definition of a service delivery site, 2) are conducted on an irregular timeframe/schedule, and/or 3) offer a limited activity from within the full complement of health center activities in the scope of project.\(^1\)
