UDS Webinar Series   *To Support 2025 UDS Reporting*

This flyer outlines dates, times, registration information, and learning objectives for 2025 Uniform Data System (UDS) Reporting Technical Assistance Webinar sessions. Please note, it is expected that participants joining webinars have a baseline understanding and familiarity with UDS reporting.

Understanding UDS Patient Characteristics Tables for Quality Improvement
September 23, 2025, 2 p.m.–3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on the UDS patient demographic and characteristics tables (ZIP Code Table, Tables 3A, 3B, and 4). This webinar will provide a clear overview of data collection and reporting requirements, highlight the importance of data governance and hygiene, and offer strategies for leveraging this information, with an emphasis on integrating internal processes and systems-level preparedness to ensure effective and accurate data collection and reporting. This session is ideal for health center staff involved in UDS reporting; this session will help strengthen patient registration data collection, promote data integrity, and support impactful care delivery.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

The Foundation of the UDS: Counting Visits
October 1, 2025, 2 p.m.–3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on what qualifies as a countable visit in the UDS. We'll explore key components of the visit definition, demonstrate how visits provide the framework for patient activity reported throughout the report, address common questions related to visit reporting, and clarify cross-table relationships. This session will provide practical guidance to ensure accurate and consistent reporting across your health center's UDS submission. This session is ideal for staff responsible for assessing or programming visit encounter data, data reporting, or quality assurance.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

UDS Clinical Tables Part 1: Screening and Preventive Care Measures
October 14, 2025, 2 p.m.–3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on the reporting requirements for screening and preventive care measures across the UDS clinical tables, including colorectal cancer, breast cancer, cervical cancer, tobacco, depression, adult body mass index (BMI), and HIV screenings. The webinar will discuss reporting strategies and opportunities for quality improvement. This session is ideal for clinical staff, quality improvement professionals, and data/reporting personnel responsible for UDS reporting.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

UDS Webinar Series   *To Support 2025 UDS Reporting*

UDS Clinical Tables Part 2: Maternal Care and Children's Health

October 21, 2025, 2 p.m.–3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on the reporting requirements for clinical quality measures related directly to maternal care and children's health across the UDS clinical tables, including early entry into prenatal care, deliveries and birth weight, childhood immunizations, dental sealants, and weight assessment and counseling for children and adolescents. The webinar will discuss reporting strategies and opportunities for quality improvement. This session is ideal for clinical staff, quality improvement professionals, and data/reporting personnel responsible for UDS reporting.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

UDS Clinical Tables Part 3: Disease Management

October 29, 2025, 2 p.m.–3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on the reporting requirements for clinical quality measures related to disease management across the UDS clinical tables, including depression remission, HIV linkage to care, hypertension, diabetes, statin therapy, ischemic vascular disease, and initiation and engagement of substance use disorder (SUD) treatment. The webinar will discuss reporting strategies and opportunities for quality improvement. This session is ideal for clinical staff, quality improvement professionals, and data/reporting personnel responsible for UDS reporting.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

Preliminary Reporting Environment

November 5, 2025, 1 p.m-3:00 p.m. ET
NEW LINK: **Register for the webinar**

You will learn: This webinar will demonstrate how to access the UDS Preliminary Reporting Environment (PRE) and two offline UDS reporting features: an Excel and an offline HTML feature. The UDS PRE, accessible through the Electronic Handbooks (EHBs), allows health enter awardees and look-alikes early access to prepare UDS data for submission. This session is ideal for data reporting staff who will be working directly within the EHBs.

Intended Audience: ✓ **Intermediate** ✓ **Advanced**

UDS Webinar Series   *To Support 2025 UDS Reporting*

Reporting UDS Financial and Operational Tables

November 13, 2025 2 p.m.-3:30 p.m. ET
Register for the webinar

You will learn: This webinar will focus on UDS financial and operational tables, including Tables 8A, 9D, and 9E, with related elements from Tables 4 and 5. This session will cover key reporting requirements for revenue, expenses, full-time equivalents (FTEs), insurance, and managed care. We'll also highlight common reporting challenges and mistakes, particularly around 340B pharmacy and managed care data. This session is ideal for finance, operations, and data reporting staff seeking to strengthen accuracy and compliance in UDS submissions

Intended Audience: ✓ Intermediate ✓ Advanced

Strategies for Successful Submission

January 14, 2026, 2 p.m.-3:30 p.m. ET
Register for the webinar

You will learn: This webinar will review the importance of UDS data collection and reporting, specifically focusing on assessing data for accuracy. The session will cover utilizing available electronic handbooks (EHBs) reports and tools (health center trend report, comparison tool, etc.), working through your review (data audit report, edits, how to utilize the EHBs system for review), and working with your reviewer for a successful submission. This session is ideal for data and reporting staff, quality improvement teams, and health center leadership involved in preparing, reviewing, and submitting accurate UDS reports.

Intended Audience: ✓ Intermediate ✓ Advanced
